“ David Lee Owens , Super Dave he was just that to the world everyone he came in contact with by some undefined way he would save a person's day not cause he wanted to but because that was just the calling that God put on him.He was truly a God fearing man in all ways no matter what he did or didn't do.We spoke on many occasions about family and God ,and one thing I know was that he loved his wife and family and truly regretted a lot of mistakes he had made and wish he could make it up to you .He had a high school love for you that will never leave not even in death.He always spoke of his children wanting to be a better father .He would say God gave them to me and me to them.Fare as the community he was there for everyone more then he should had been,LORD knows he was there in some form or fashion all you would hear was Super can you do this? Super can you do that? Well now he has grown tired of the world and it is now time for us to show up for Super Dave say our last good by to a man who was always there for us.You will be missed ,Koyanti ,Konye,Lovett and Ri'kayla.To the family I know at this time you want to be left alone but know that if there anything at all we can do we are here we are DARE U2 CARE are deepest condolences at this time.
